ALL ABOARD NOAH'S ARK?

God told Noah to have at least two of certain kinds of animals (seven of some) on board the Ark (Genesis 6:19 - 7:3). The 15 pairs of animals shown here were on the Ark. 10 of the animals were not on the Ark because they could survive outside of it. These animals do not have a pair in the picture below. Find the animals that were not on the Ark.
